

Barbara's Wastepaper Record Dec 9, 2011

There is only one real deprivation and that is not to be able to give one's gift to those one loves the most. May Sarton

I hope UUCD is a place where you not only love to bring your gifts, you also get to discover what they might be! May you find that gracious gifting place within and bring it into life in your heart, home, congregation, community and world. May we make time to enjoy giving and receiving the gifts at the heart of this Season.

I hope I see you Sunday.

Blessings
Barbara
